Subject: Local Transport Travel Plan

Good morning Michelle.

Monksilver PC discussed the Somerset Transport Plan yesterday evening. We are concerned that Williton is not recognised as a Primary Service Centre, yet hosts the council information point, police station, hospital etc.. Neither does the plan acknowledge the various small settlements surrounding Williton, often 3 + miles away with no public transport.

My reason for writing is to ask whether Williton PC has discussed the plan, and if so what are the general views of the Council.

I look forward to hearing from you.

Regards.

Mary.
