1. Purpose

- 1.1 To consider allowing Young Farmers to display Scarecrows on Bellamy’s Corner, they are going to be asking other local youth organisations/schools/businesses to get involved by also making scarecrows for this display. The hope is to promote Young Farmers and the work they do along with other organisations and to show Williton in a fun and vibrant manor. The theme of this event is Community.

2. Background Information

- 2.1 Williton Young Farmers in the 1980s cleared the ground at Bellamy’s Corner making it the beautiful space it is today.

3. Detailed consideration

- 3.1 Even though the lease has lapsed Somerset Council informed the Parish Council to carry on using Bellamy’s Corner as we had done so under the terms of the lease.

4. Financial Implications

- 4.1 There are no financial implications.

5. Recommendation

- 5.1 Allowing Williton Young Farmers to organise a community scarecrow display would be of no cost to the Parish Council and would allow engagement with more local organisations and build a more cohesive network of community groups working together in a positive manner.**
